Multi-Mode Music Servers

CasaTunes has reduced it's sku's count by providing all of the cables (Mini-RCA & USB-Serial Cable), you will need to install their servers in either of the traditional CasaTunes modes as described below.

System Mode: Connect to ANY amplifier, add speakers and optional keypads and you have a complete multi-room audio system.

Streamer Controller Mode:
(formally designated the "S" models)
Stream music to; *and control* Russound, RTI, Control4, URC, Nuvo, Leviton, Knoll, Audio Authority and Speaker Craft audio systems in a cost-effective package.

Multi-Stream Player Mode:
Full integration as a Multi-Stream Player for Control4, RTI, URC, KeyDigital Compas Control.

All modes are controlled by the industry leading CasaTunes iOS, Android & Blackberry (via Amazon App Store) apps.

In each mode you can also add 3, 5, or 10 additional wireless rooms using Airplay Speakers and Airplay devices.
